PETRUSKEWIC / FLEENOR

1. Post continues to struggle along with the degraded E&E network that was outlined in REFTEL A. Along with numerous other radio issues that needs to be addressed.

2. The OBO Roof replacement on the Chancery will start within the next two/three weeks, which means that several antennas will need to be re-positioned.

3. The IMO has spoken with Mr. Petruskewic in detail about work that should be addressed during the badly needed visit. Mr. Petruskewic informed the IMO that he would be available for a visit within the next 30 days, which would fit perfectly with the OBO roof project.

4. Post request that a trip be scheduled for a stay of at least two weeks if not longer. This would allow sufficient time for a complete survey of post needs and correct the numerous deficiencies.

5. Please advise itinerary when know that will allow post to make accommodations reservations.
